

# LocaMed

British Manufacturer of  
Laparoscopic and Ligation products

## LocaMed Polymer Ligating Clips

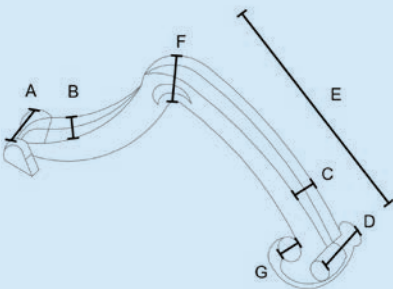

✓ Control   ✓ Safety   ✓ Reliability   ✓ Simplicity

**LocaMed Polymer Ligating Clips are trusted worldwide, with over 2 million sold**

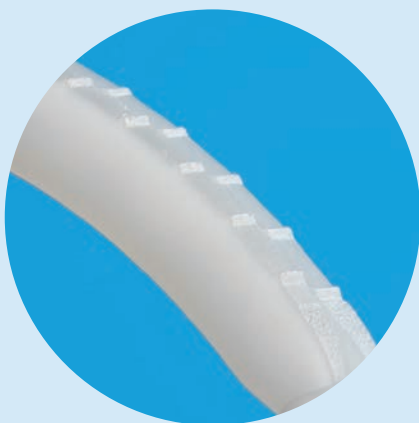

- Perfect for ligation in Robotic, Laparoscopic and Open surgical procedures.
- LocaMed Polymer Ligating Clips offer exemplary clinical performance, proven over 8 years, and match the colours and sizes of other brands.
- Profit for you, savings for customers.

- Trusted quality
- Reliable
- Ideal for robotics
- Independently validated for use in DaVinci EndoWrist Clip Appliers
- Tactile feedback
- MR Safe
- Inert and radiolucent
- Easy to convert customers
- Sizes and colours match the leading brand

### Physical Equivalence to Leading Brand

- Independently tested to prove physical equivalence to Teleflex Hem-o-lok product:-  
"99% level of similarity in their material composition, functionality and performance"\*  
"Reliably compatible for use with DaVinci Robotic Arms"\*

### More integrated atraumatic teeth to prevent slippage with minimal damage to captive tissues

- Independently tested in pulsatile models to 280mmHg: both LocaMed Polymer Ligating Clips and Teleflex Hem-o-lok clips performed equally - "none of the tested clips were damaged or caused any leakage or rupture from the clipped tissue"\*

\* Test of Selected Physical Characteristics of LocaMed Polymer Ligating Clips in Comparison to Commercially Available Clips, University of Petra Pharmaceutical Center UPPC

# LocaMed Polymer Ligating Clips & Reusable Applier

**20% lighter**  
Than Teleflex Hem-o-lok applier

## LocaMed Reusable Polymer Clip Applier

- Ergonomic, lightweight handle design with good fit to hand and easily reachable, low friction rotation dial – for excellent control and comfortable to use over extended periods.
- Rotation dial has more stops than the leading competitor's design (16 vs. 12), making it more precise and easier to achieve the desired position.
- Simple and easy loading.

Code: **LMM002**

Description:  
**Medium/Large**  
Polymer Ligating Clip  
(6 clips/cartridge),  
**Green**

Unit of Order:  
14 Units / Box

Code: **LML003**

Description:  
**Large** Polymer  
Ligating Clip  
(6 clips/cartridge),  
**Purple**

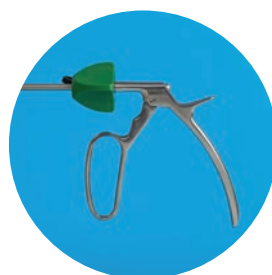

Unit of Order:  
14 Units / Box

Code: **LMLXL004**

Description:  
**Extra Large** Polymer  
Ligating Clip  
(6 clips/cartridge),  
**Gold**

Unit of Order:  
14 Units / Box
